

ANDREI SAS

Cinematographer

Perpetually curious, empathetic, and meticulous freelance Cinematographer with over 10 years of experience working in many roles across the spectrum of film and video.

Harkening from a small town in Eastern Europe, I offer a unique, direct blend of classical continental depth and out-of-the-box creative problem-solving. My dedication to my projects has led to my work being successfully broadcast and screened around the world, including prestigious festivals such as Cannes and Locarno.

My primary interest is expanding my film and drama portfolio with socially aware, story-driven projects that inhabit the intersection between art-house cinema and popular culture.
